

## Professional Referral Program

Kreis Grennan Architecture offers a professional referral program to it's affiliated clients, consultants and professionals. If you have a client, relative or friend who requires assistance from an architect we can help them to successfully achieve their goals. Ideal projects are larger residential extensions, new built houses or multi-residential development sites.

Referrals can be made either via email or personal introduction. Once you have introduced us to your contact, we will follow up with an initial consultation. This free service includes preliminary planning advice and allows us to prepare a service and fee proposal.

Should your contact decide to work with us and accept our proposal, we would like to say 'thank you' by sending you a VISA Universal Gift Card with a value listed below.

Value of service	Gift card value
From \$20,000	\$250
From \$40,000	\$500
From \$60,000	\$800
From \$100,000	\$1,200

Email Chris on [chris@kreis.org](mailto:chris@kreis.org) or call 0400 529 259 to discuss your client referral.

### About Kreis Grennan Architecture

Our multi-disciplinary award-winning practice creates functional and refreshing designs with unique perspectives. From individual residences to diverse medium density housing and multi-residential apartment developments, we are highly experienced in a wide range of activities relating to the built environment.

A selection of our key projects are available online at [www.kreisgrennan.com.au](http://www.kreisgrennan.com.au)

### Terms & Conditions:

*A referral is only eligible for a reward payment if the client has not had any prior contact with Kreis Grennan Architecture (KGA) or any other business entity affiliated with KGA or the directors. The project value is determined by our service and fee proposal. The reward payment is payable upon successful engagement of our service and after payment of our first progress invoice issued to the client.*
